

MorphoTrust® Adds Enrollment Centers for TSA Pre✓™ Application Program

New Airport Locations and Enrollment Centers Open at Eight Locations in Seven States

May 7, 2014, Billerica, Mass.

[MorphoTrust USA](#) (Safran), a leading U.S. provider of identity solutions and services, today announced the opening of several new enrollment centers to serve customers applying for the Transportation Security Administration's (TSA) popular [TSA Pre✓™](#) program. The new enrollment centers opened at Ronald Reagan Washington National Airport, Cleveland Hopkins International Airport, John Wayne Airport in Santa Ana, Calif., and a second location at Los Angeles International Airport, and at off-airport [IdentoGO® Centers](#) by MorphoTrust in Colorado Springs, Colo., Fort Lauderdale, Fla., Des Moines, Iowa and Salisbury, Md.

MorphoTrust is the authorized service provider for the TSA Pre✓™ application program under its Universal Enrollment Services (UES) contract with TSA. Applicants can pre-enroll online to initiate the application process and make an appointment at one of 256 locations. There is a nonrefundable application processing fee of \$85 associated with enrollment that covers five years, if approved.

"The TSA Pre✓™ program continues to grow with more users, participating airports and airlines, and enrollment centers at both on- and off-airport locations," said Charles Carroll, senior vice president for identity services at MorphoTrust. "As demand increases for TSA Pre✓™ across the country, we look forward to opening even more enrollment centers and serving more customers."

MorphoTrust is a trusted partner of TSA, having supported the organization for more than eight years with identity verification and screening services. In addition to TSA Pre✓™, IdentoGO Centers by MorphoTrust support enrollment into TSA's UES, which consolidates TSA Pre✓™, Transportation Worker Identity Credential (TWIC) and Hazardous Materials Endorsement Threat Assessment Program (HTAP) into a single, convenient service. MorphoTrust is also a TSA-approved provider of Designated Aviation Channeling services, which supports the screening of airport employees.
