

MorphoTrust Adds More TSA Pre✓™ Enrollment Centers at Airports on East Coast, in Midwest

Six New Centers Bring Total Airport Locations Above 20

June 24, 2014, Billerica, Mass.

[MorphoTrust USA](#) (Safran), a leading U.S. provider of identity solutions and services, in partnership with the Transportation Security Administration (TSA), recently opened six new [TSA Pre✓™](#) enrollment centers at airports across the country. Travelers can now apply for the program at Boston Logan International Airport (BOS), Charlotte Douglas International Airport (CLT), Pittsburgh International Airport (PIT), Tampa International Airport (TPA), Orlando International Airport (MCO) and Lambert-St. Louis International Airport (STL). With these openings, travelers can now apply for TSA Pre✓™ at more than 282 locations, including [IdentoGO® Centers](#) by MorphoTrust, as well as over 20 airports. Applicants are encouraged to pre-enroll online, where they can initiate the application process.

MorphoTrust is the authorized service provider for the TSA Pre✓™ application program under its Universal Enrollment Services (UES) contract with TSA, which also covers the agency's Transportation Worker Identity Credential (TWIC) and Hazardous Materials Endorsement Threat Assessment Program (HTAP) enrollments. IdentoGO Centers allow Americans to access a growing number of identity-related services, including the secure capture and transmission of electronic fingerprints.

"The TSA Pre✓™ program continues to grow with more than 300,000 registered passengers since the application program expanded last year," said Charles Carroll, senior vice president for identity services at MorphoTrust. "These airport openings complement the efforts at our IdentoGO Centers across the country, providing easy access to this quickly-growing program."

About MorphoTrust® USA

MorphoTrust USA (Safran) is "The Identity Company," providing market-leading solutions and services to state and federal agencies as well as businesses that simplify, protect and secure the lives of Americans. The company's offerings help ensure individuals are who they claim to be through the use of document authentication, data verification and biometric identification (face, fingerprints, iris and skin). Forty-two of 50 states use MorphoTrust solutions to produce 80% of the U.S. driver licenses and IDs – the documents citizens rely on to exercise their civil rights, gain access to benefits and services, and ensure trusted transactions while reducing fraud and enhancing national security. Other programs include U.S. passports and passport cards, as well as solutions for border management, public safety, banking and travel. MorphoTrust serves consumers through a nationwide network of 1100 IdentoGO® Centers, delivering fingerprinting and other identity-related services to over 3 million customers annually.
