## ***IdentoGO® services offered through H&R Block partnership***

### ***New co-marketing relationship adds TSA Pre✓® convenience for consumers***

**August 31, 2015, Billerica, MA**

The [IdentoGO®](#) services organization of MorphoTrust USA that serves as the enrollment services agent for the Transportation Security Administration (TSA) today announced a new partnership with [H&R Block](#) to co-market a range of identity services, including enrollment in the [TSA Pre✓®](#) application program. Through this new partnership, H&R Block will market and deliver IdentoGO services to customers throughout 27 states, significantly expanding the number of application centers available for TSA Pre✓® as well as other state and local programs.

“With store-front locations within a five mile radius of most Americans living in the United States, H&R Block is a well-known and widely respected partner, ideal for IdentoGO services,” said Charles Carroll, senior vice president for identity services at IdentoGO. “This new relationship will allow us to expand access to identity services, like TSA Pre✓®, by making it even more convenient to apply.”

The IdentoGO services organization currently provides enrollment services for TSA Pre✓® through its network of more than 330 application centers. The new relationship with H&R Block will allow IdentoGO to initially expand TSA Pre✓® application centers by more than 20 percent. Additionally, many of these H&R Block locations will also support other programs requiring fingerprinting as part of a criminal background check, currently offered at IdentoGO centers.

“H&R Block serves more than 14 million consumers in our 10,000 company and franchise locations nationwide. This partnership gives us the opportunity to offer new services to our existing customers while simultaneously expanding the company’s reach,” said Kip Knight, president U.S. Retail Operations, H&R Block.

TSA Pre✓® is an expedited security screening program that connects travelers departing from within the United States with smarter security and a better air travel experience at more than 150 U.S. airports. TSA Pre✓® travelers do not need to remove shoes, laptops, liquids, belts or light jackets. TSA Pre✓® helps take the stress out of travel for more than one million travelers who have enrolled in the TSA Pre✓® program.
