

Digital Fingerprint Solution Highlights

- Installed tens of thousands of fingerprint solutions throughout the United States and in countries around the world
- Selected as the preferred provider by law enforcement, border control, military and commercial agencies
- Supported identity solutions programs for over twenty years

Agile TP

Fast Digital Fingerprint Processing

The Agile TP is a lightweight, easy-to-use digital fingerprinting device that is ideal for civil programs at border control checkpoints, airports or other security terminals as well as background checks at job application centers. With a self-directed user interface to assist subjects, a full set of fingerprint slaps can be captured in less than 10 seconds. Compact and portable, the Agile TP is easy to install and start-up with a standard USB-2.0 interface.

RELIABLE IN HIGH VOLUME APPLICATIONS

Most security programs have high throughputs with long lines of people requiring fingerprint capture. With no moving parts in the optics deck and no silicon pads to change or replace, the Agile TP ensures reliable results over and over again.

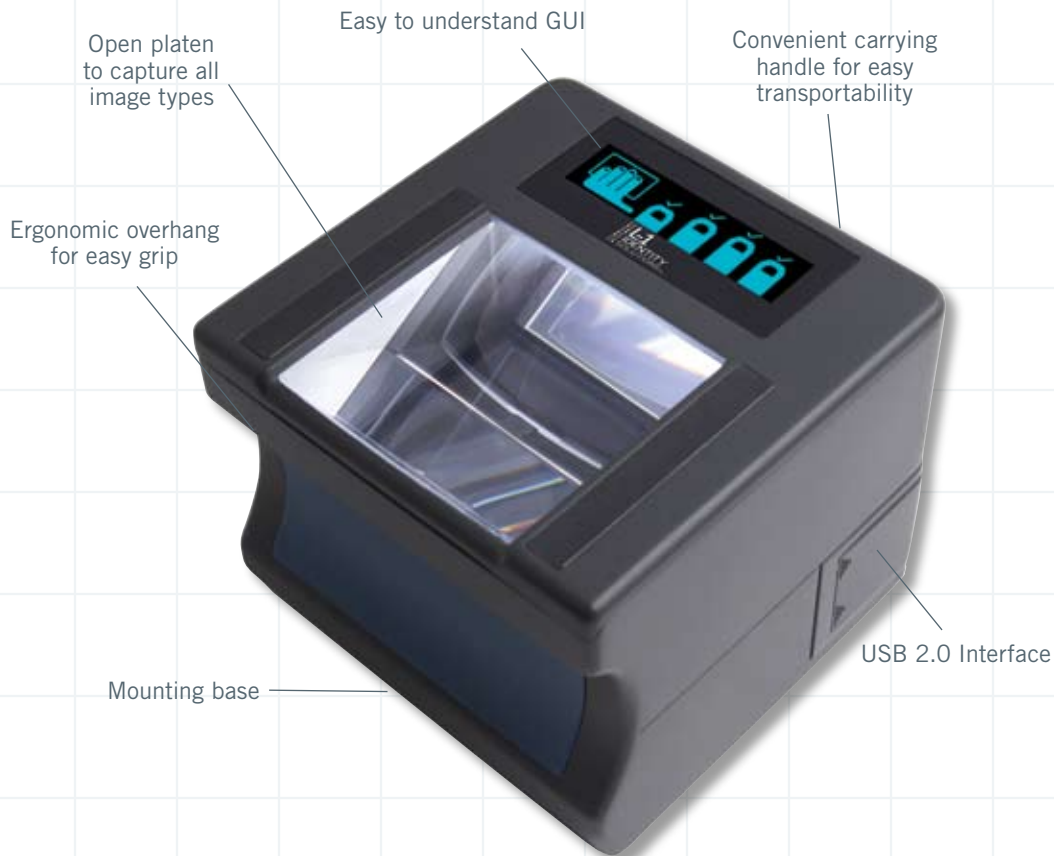

FAST AND EASY CAPTURE

Our unique graphical user interface (GUI) is easy to understand and instructs subjects for proper finger placement to improve processing times.

PROVEN TECHNOLOGY FOR QUALITY FINGERPRINT IMAGES

Our advanced technologies automatically capture more data and better data, such as fine minutiae and ridge detail in all fingerprint types, thereby reducing variability and the need for recaptures which lead to processing delays.

Agile TP Specifications*

Model Number	TP-4101
Dimensions (H x W x D)	4.9 x 6.0 x 6.0 in., 125 x 152 x 152 mm
Weight (nominal)	4.0 lb, 1.8 kg.
Platen Active Area (H x V)	3.2 x 3.0 in., 81.2 x 76.2 mm
Scan Resolution	500ppi image capture output
Image Quality	Exceeds FBI IQS IAFIS Image Quality Specification Appendix F
Interface	USB 2.0 powered (standard cable)
Operating Environment	Ambient temperature: 40° to 95° F, 5° to 40° C
User Interface	Easy-to-understand GUI for simplified operation
Options	Carrying handle for easy transporting Mounting base for security and to prevent theft
Warranty	One year limited warranty
Maintenance and Support	Range of support packages available
Certifications	FBI certified (as TouchPrint™ 4101), PIV approved, RoHS compliant and tested under TUV for CE
